The Conrad Algarve is a stunning, luxury hotel in the most fabulous location where you have shops, bars, and restaurants on your doorstep as well as the top golf courses along the road, and it's a great location to go out and use the hotel shuttle to get down to the beach. You can also arrange different excursions with the hotel, including cookery school, jeep safaris, oyster farm experiences by boat, and all of this can be arranged by the hotel concierge who will advise the best options.

There's a choice of pools, one specifically for families and one that's adults-only, an amazing spa with its own outdoor pool, indoor plunge pools, sauna, steam, and amazing treatments. There's a choice of restaurants, the breakfast is an amazing buffet with everything freshly replenished consistently.

The team are what makes the hotel and the reason that many clients return year after year and feel like family every time they come back to stay at the Conrad. A lot of golfers find it a great place to stay because of its proximity to the Quinta do Lago golf courses. There is also an academy down the road which offers tennis and paddle and various other sports opportunities, and you're also not too far from the airport for a short transfer. So there's a lot going on in the area and so much to do, or you can just choose to relax in this amazing hotel and let the amazing team look after you for your holiday as a couple, a group of friends, or a family.
