

CHECK-IN WITH HILTON FOR LUXURY

AARAHA CHAMPAGNE BAR

As the sun begins its descent over the Indian Ocean, a quiet invitation awaits at Aaraha Champagne Bar. Suspended above the water, this elegant overwater retreat offers front-row views of the Maldives' spectacular sunsets, where the sky transforms into luminous shades of gold, rose, and amber.

As waves gently lap beneath the pavilion, the finest champagnes are served by the glass alongside exquisite canapés, from delicate caviar to succulent lobster and velvety foie gras. Every sip and bite is thoughtfully paired with the beauty unfolding on the horizon.

As daylight fades into twilight, time slows. Guests linger over sparkling flutes and unforgettable views, immersed in the tranquility of the moment.

At Aaraha, sunset is more than a daily ritual—it is a celebration of elegance, indulgence, and the timeless beauty of the Indian Ocean, creating memories that remain long after the stars appear.

ROARSOME X CONRAD MALDIVES

At Conrad Maldives Rangali Island, every family adventure begins with a story waiting to unfold.

Through our partnership with Roarsome, children become explorers and ocean adventurers from the moment they arrive. Across two islands, beaches, trails, and hidden corners transform into a world of discovery, brought to life through treasure hunts and imaginative experiences.

The journey continues with the Conrad Whale Shark, a playful companion that carries the spirit of the island beyond the Maldives, keeping the adventure alive long after families return home.

At its heart, this collaboration celebrates the joy of travel, inspiring imagination, bringing families closer together, and creating memories that last a lifetime. Because here, stories are not just told—they are lived.
